MOUNTAIN BIKE RACE SERIES

Campmor H2H Series Team Competition 2011

Purpose of competition:

- Encourages individuals to join local teams or clubs.
- Encourages local teams and clubs to recruit new members, bring new riders into the sport, and to advocate all levels of riders to work together.
- Encourages teams and clubs to adopt local trails or trail systems through Paydirt.
- Encourage local clubs and teams to establish working relationships with land managers and local trail maintainers, and work together towards a common advocacy.

Rules:

- A team can have any number of riders/persons on its roster.
- A team rider/person can only be on one team roster, and must acknowledge that they will be on the team.
- All riders/persons must do at least ten (10) hours of Paydirt (five (5) hours for Juniors) to receive any points.
- A team rider/person does not have to race or hold a USA Cycling license.
- Each team must elect one (1) contact person.
- A team roster must be submitted electronically no later than June 1, 2011 to the race series director, and riders can not be added or dropped after that date. Roster must include full names, USA Cycling license # (if applicable), race class of each racer, and email address or phone number of non-racers.

Scoring:

- A team's points will be a combination of Racer Points and Paydirt Points as follows:
 - ✍ Race Points will be awarded after each race in the H2H Series to each team's best five places.
 - ✍ If more than one (1) racer on a team has the same place finish within the top 5 spots, the racer with the highest amount of Paydirt hours at that time will default to the highest spot. If none of the racers have done any Paydirt yet, the rider with the largest number of participants in their class will default to the highest spot.
 - ✍ Race scores will remain vacant in the team total until that racer has completed their ten (10) hours of Paydirt (five (5) hours for Juniors). If a racer does not complete their Paydirt, the points will not count and will be considered zero (0) at the end of the race season.
- Any questions on scoring should be submitted to the Team Competition Scorekeeper.
